

**FONDATION  
JARDIN MAJORELLE**

## **Communiqué**

The Fondation Jardin Majorelle, established in 2001 and recognized by decree as “promoting the public interest” on November 4, 2011, and the *Association des Amis de la Fondation Jardin Majorelle*, established in 2017, announce that they will end their relationship as of January 1, 2023.

Madison Cox, President of the Fondation Jardin Majorelle, expresses his gratitude to the Association for its sponsorship and support of various programs related to the Foundation these past five years and acknowledges the tireless efforts of its president, Ms. Caroline Mondineu Jollès and of the Association’s members.

The Fondation Jardin Majorelle and the entire team at the Jardin Majorelle and the Musée Yves Saint Laurent Marrakech wish Ms. Mondineu Jollès all the success she deserves with the launch of her new association, which will change its name and mission, to be communicated separately by Ms. Mondineu Jollès at the appropriate time.

The Fondation Jardin Majorelle will continue the pursuit of its statutory mission: to conserve the Jardin Majorelle, to promote the prestige and influence of the garden and its two museums, and to support initiatives in the fields of culture, education and garden design.

It is with pleasure that the Fondation Jardin Majorelle will continue to fully honor all benefits granted to Association members for the duration of any individual membership in good standing on today’s date.
